Reasons to complete a future billed disconnect job early

- If the order is a disconnect with no equipment on the account
- If the order is a disconnect with an active incremented account at the location
- If the equipment has been offline for an extended period
- If the account's notes indicate the order can and/or needs to be completed early.

If the "Provisioned" disposition is unavailable, please queue the task and re-review the next morning to allow the order to properly reflow and provision overnight

If there are any questions or concerns regarding an order's provisioning state, reach out to a member of leadership and we will be happy to review the order and assist
